

TEXTILES 2030 LAUNCH

We're delighted to announce that JD Group is one of 65 founding signatories to Textiles 2030, the UK's most ambitious voluntary agreement designed to limit the impact clothes and home textiles have on climate change in line with the Paris Agreement and the UN Fashion Industry Charter for Climate Action.

Textiles 2030 will use a 'Target-Measure-Act' approach to reduce the impact of (fashion and home-wares) products across the UK. Along with other signatories, JD Group will set tough targets, measure the impact of our products and track our progress on an individual basis, towards national targets.

TEXTILES 2030 UK CIRCULAR TEXTILES

Delivering a product and fibre roadmap for

LONGER LIFE

RECYCLABILITY

RE-USE

RE-SALE

Closing the UK textiles loop
WE CAN DO THIS

TEXTILES 2030 LESS CARBON

Reducing the carbon footprint of textile products sufficient to limit global warming to

1.5°C

Cutting carbon by at least

50%+

WE CAN DO THIS

TEXTILES 2030 ACT

MEMBERS

Boost or begin their sustainability journey with a ready-made science based climate plan and an accessible reporting tool

PARTNERS

Build on their existing programmes and fast-track circularity with industry colleagues

AFFILIATES

Contribute their ground breaking innovation and expertise

TEXTILES 2030 PROGRESS

WRAP UK Sustainable Textiles Action Plan

"A new UK textile sector collaboration making rapid, science-based progress on circularity and climate action"

www.wrap.org.uk/textiles2030

TEXTILES 2030 TARGET

Cut carbon by

50%+

to align with a 1.5°C global target

Cut water by

30%

Create and deliver

a circular textiles roadmap

for the UK

By 2030, signatories will reduce their combined greenhouse gas emissions in line with a 1.5°C UN trajectory to reduce climate change - reducing carbon impact by 50%, reducing the water footprint of products sold by 30% and following a roadmap to a more circular fashion future.

TEXTILES 2030 LESS WATER

Reducing the combined water footprint of textile products by

30%

WE CAN DO THIS

TEXTILES 2030 COLLABORATION
